MARINE INFLUENCE

Millions of years after the sea withdrew from the Central coast depression, the chardonnay strains flourish over limestone grounds and coral fossils, with the strength of the Mediterranean siroco and levantina winds. Marine influence in a fresh, mineral wine that reminds us of long ago, when the Penedès was under the sea.

Pairing: dill-marinated salmon

Lemon yellow in colour, with soft golden highlights. Intense aromas of tropical fruit (**pineapple**), stone fruit (**peach**) and citrus (**lemon peel**) on a soft floral (**chamomile**) and herbal (**fennel**) background. On the palate it is fruity, with good acidity and a long, persistent finish.
