How do we classify our wines and cavas?

With the goal of making the world of wine more accessible, and starting with the work of critics and sommeliers Hugh Jonshon, Jancis Robinson, and Madeline Puckette, we have created a classification system based on a wine's 5 principal characteristics:

- **Alcohol:** the sensation of warmth on the palate.
- **Body:** the colour intensity and the wine's density on the palate.
- **Tannins:** sensations of astringency and texture on the palate.
- **Sweetness:** the sweet sensation on the palate.
- **Acidity:** the fresh sensation on the palate.

All the winery's products are meticulously analysed based on these five characteristics and rated from 1 to 5. The result, and extraction of this information, allows us to catalogue our wines individually into a concrete product typology.

At Maset we work with 4 different types of product:

- **Light:** fresh and light young wines.
- **Fruity:** medium-bodied young wines.
- **Mature:** medium body and high complexity Crianza and Reserva wines.
- **Intense:** powerful and full-bodied wines.

This classification enables consumers to quickly learn the principal characteristics of the wine, helping them select the product that is best adapted to their tastes and preferences.

A unique story

Winegrowers since 1390

The **Massana family** are one of the oldest documented winemaking lineages in the **Penedès region (Barcelona)**. The first written reference to the family dates back to **1390**, when a record mentions Ramón Maçana, a peasant from Sant Pere Molanta. Centuries later, we also find the first reference to the family's

connection with Maset del Lleó (literally, "small farmhouse belonging to Mr. Lleó"), the ancestral home built in **1777**. In those days, Maset del Lleó lands were still under Montserrat Abbey's feudal domain, and we had to pay tributes to work them. Since then, **10 generations** of us have been bound to **cultivating the**

soil and producing excellent quality wines and cavas.

The family's perseverance cultivating the vines did not even succumb to the terrible phylloxera plague, which took place at the end of the XIX century. From the ashes, hope sprung up. Thus, in **1917**, **Josep Massana Carbó** gathers the courage necessary to start over, elaborating the **winery's first sparkling wine, a special blend of native varieties** which we still use today.

In the 50s, Josep Massana Carbó and Dolors Ràfols Puig's son **Ton Massana Ràfols** used a family friend's taxi to deliver wines and agricultural products from Penedès to Barcelona. Seeing that the business was working, in **1958**, **Ton decides to buy a light truck and deliver products directly** to customer once a week.

Bringing the finest wines and caves straight to our customers' houses since 1958.

At the end of the 80s, democratisation of the telephone allows us to enter clients' homes and offer better sales and after-sales service. A part of our identity that we have conserved unaltered up to modern times.

At the beginning of the 90s, current winery president Josep Massana Noya went throughout the peninsula with the goal of turning an old dream into reality: being closer to our clients. To this end, **retail stores** were opened in the major provincial capitals across Spain, until reaching the current number of 35 locations.

In **2001**, we exported our business model to **Köln, Germany**, opening our first branch outside of Spain, and in 2015, we also established our Andorra branch. Since 2000, we have also exported wines and cavas to more than 35 countries, including Belgium, Brazil, China, Korea, United States, Finland and Japan.

We currently serve more than **180.000 clients** worldwide, and we produce more than **5 million bottles of wine and cava per year**. A figure that has led us to become the **leading winery in direct to home sales with no middleman**.

In defence of our own style

Passion for the land and work done right lead us in search of our own style, the Maset style: sustainable agriculture, hands-off production and a deep respect for the environment—the three central axes of our winery.

From left to right, top to bottom:
The seven-spot ladybug (*Coccinella septempunctata*) at one of our Penedès vineyards.

Sustainable, minimally interventionist viticulture

For more than thirty years, we have worked our vineyards using a **sustainable, traditional and minimally interventionist style of agriculture**. An art passed down from parent to child that **has allowed us to avoid the use of pesticides and herbicides** in our day-to-day, preventing the loss of biodiversity and soil degradation. In addition, in recent years we have begun the conversion to organic, with the goal of having all our vineyards, and those of our winegrowers, also achieve that within a few years as well.

At Maset, we know that **the quality of the wine is born in the vineyard**. For this reason, we do exhaustive monitoring of each phase of the growing process (pruning, inflorescence, flowering, fruit set, ripening and harvesting), carrying out periodic inspections of the different vineyards we cultivate and gathering the information necessary to begin harvest with the highest guarantees.

Days before harvest, we do daily ripening checks, monitoring the grape's health, likely alcohol level, acidity, and seed maturity. Analysing this information allows us to choose the optimal day and time to pick the grape, adapting each collection to the wine type.

Thanks to the work and dedication of our winegrowers, we can achieve **wines with unique personality, with the optimal point of ripening, staying faithful to the land that watches them come to life**.

Honest viticulture, with no imperfections, adding as few additives as possible

At the winery, we work to prevent as many imperfections as possible, with the goal of offering wines to be enjoyed, searching for an accessible, honest and flavourful style with a marked Mediterranean profile. **Wines that enamour from the first glass** and which persist on the palate (and the memory) a long while.

During the fermentation process, we do not use aggressive pressing systems. We work with an extraction yield below 60 % to avoid damaging the grape's solid components (stem, skins and seeds) which can transfer herbal aromas and flavours to the wine. Fermentation is carried out with select native yeasts that allow us to conserve the character and singularity of the homeland. We only use plant-based clarifiers, such as pea or potato protein, resulting in **vegan-friendly wines**. And lastly, we add as few additives as possible and limit human handling, letting the wines express their potential. A good example of this is the fact that, **since 2018, we've worked with just half the sulphites permitted** by legislative bodies, making for **the healthiest, most digestible and natural wines**.

Wines created with human contact sensitive to the environment

At Maset, we believe that winemaking must go hand in hand with human contact that is sensitive to the environment, minimizing the carbon footprint from the winery to the end client. For that reason, we carry out initiatives such as **reducing bottle thickness**, which saves tonnes of glass each year, **using recycled paper in all our publications**, and a pilot project in Barcelona and Madrid exploring the viability of using exclusively **electric vehicles to handle our client delivery service**.

Also, 2024 has seen the start of a campaign to collect bottles from our customers' homes, making us the first winery in Spain to offer this service. This initiative, based on the circular economy, makes it possible to reuse the bottles and could prevent the emission of thousands of kilograms of CO₂ equivalent into the atmosphere each year. Continuous analysis and improvement of each process allows us to reduce our carbon footprint year after year.

We are the first and only winery in the country to collect bottles from our customers' homes.

It is truly a balanced and sustainable business vision that does not merely live in the background of the environment, but which values the wine that results from the communion of man and nature, in which both are of equal importance.

Our wineries

At Maset, we have our own wineries in Penedès, Priorat and La Rioja, three of the most important and exceptional winemaking zones in the Iberian Peninsula. This strategic display facilitates the exchange of technique, knowledge and experience among territories, improving day-to-day operations at each of our production centres.

La Granada, Penedès

Our central headquarters is located in La Granada, a small town situated in the heart of Penedès, the historic wine area south of Barcelona. From here, we make an extensive range of cavas, which have brought international fame to the winery, reds with a marked Mediterranean character, and refreshing whites and rosés. The Massana family's 60 hectares of vineyards are located between La Granada (Teuleria dels Àlbers estate) and Subirats (Serra de Can Rovira estate) at different inclines, with soils and microclimates that allow us to cultivate an ample variety of grapes, both Mediterranean and Atlantic.

El Molar, Priorat

In the year 2000, we initiated our winemaking project in Priorat by founding the Costers del Priorat, a small winery located in El Molar that makes the most of the ancient, XV-century Carthusian farmhouse's structure. In this unique building, we create our wines with native varieties originating at three historic vineyards: Sant Martí, located in Bellmunt del Priorat; Mas Alsera, in the town of Torroja del Priorat; and Solanes del Molar, to the south of the region. Situated on slate banks and terraces, the vineyards are cultivated by hand, through traditional agriculture, seeking limited output. A work philosophy that allows us to bottle Priorat's authentic essence.

Haro, La Rioja

In 2012, we achieved our dream of creating a winery project integrated into La Rioja's natural environment. The winery is located in Haro's historic Barrio de la Estación district, at number 1 Costa del Vino Avenue, vital centre of the Rioja Qualified Designation of Origin. From this privileged position, we make all our wines, betting on traditional procedures without closing the doors to new techniques that offer quality improvement. A work philosophy that adheres to the firm commitment to conserve the vineyard landscape and the cultural patrimony of this internationally renowned zone.

Penedès

La Teuleria dels Àlbers - Following the thread of history

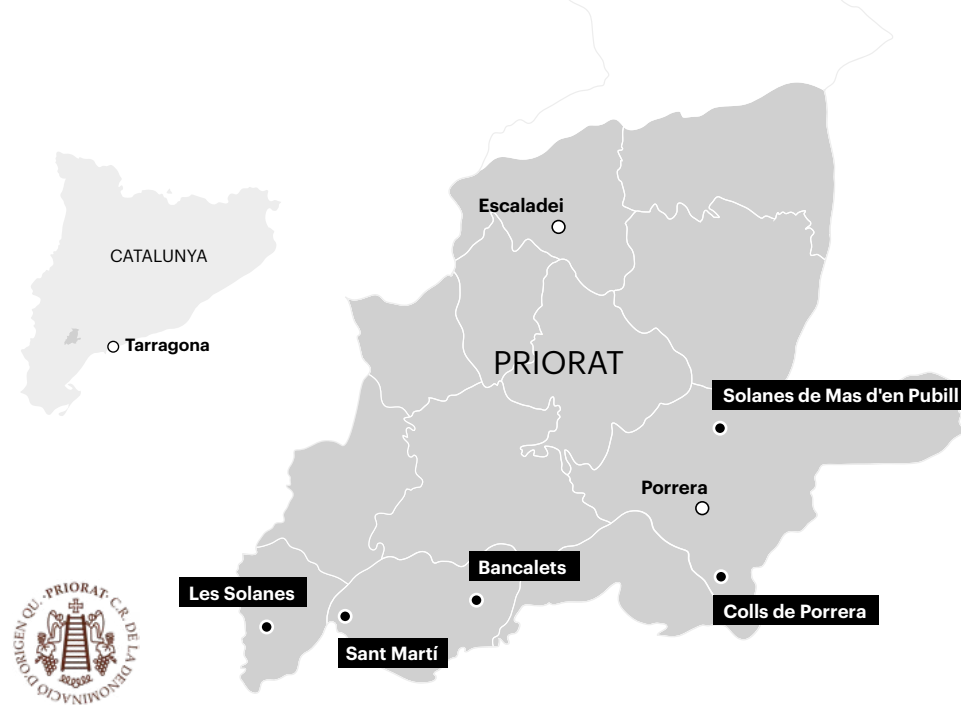

The Teuleria dels Àlbers, cultivated since time immemorial, is found in the middle of the Penedès plains, surrounded by small hills and demarcated by olive and almond trees. In 2007, an excavation was carried out in which remains dating from the Neolithic period through the Middle Ages were catalogued, blatantly displaying the Roman phase with the presence of a wine and grain production farm from the era of Emperor Augustus (1st century BCE). Since then, generation after generation of winegrowers have followed the thread of history up to the present.

Location: 1 km away from the municipality of La Granada, in the centre of the Penedès plains.
Varieties: xarel·lo, macabeo and parellada.
Altitude: 235 - 272 metres above sea level.
Vineyard age: from 10 to 30 years.
Orientation: mostly west and south.
Soils: gravel, clay, and silt.

La Serra de Can Rovira - Cradle of the great wines

Serra de Can Rovira is situated at the highest altitude of Penedès, in Subirats, on the western slope of the Coastal Range. Among fan palms, rosemary and winter heather, the vineyards, oriented mostly westerly, grow on limestone soils originating from a sea that no longer exists: the Tethys Sea. The lime from this sea, which is also found in other wine regions such as Burgundy, dates back to millions of years ago, when these lands formed part of Pangaea.

Location: in the middle of the Coastal Range.
Varieties: macabeo and parellada.
Altitude: 240 - 320 metres above sea level.
Vineyard age: from 20 to 70 years.
Orientation: mostly westerly.
Soils: limestone, marl, and dolomite.

Priorat

Sant Martí - West-facing old vines

On steep sloping hillsides, the old cariñena vines cover consecutive Sant Martí costers. A balanced, west-facing landscape of classic lines, where the view opens to the ample Ebro valley, framed by tall mountains. Behind the cypress trees of Bellmunt cemetery, the limestone rocks of El Sarraí remind us that we are at the edge of Priorat's llicorella.

Location: 500 metres to the east of the urban centre of Bellmunt del Priorat
Altitude: 200 - 255 metres above sea level.
Orientation: mainly to the west.

Varieties: cariñena tinta, garnacha tinta and others.
Vineyard age: from 22 to 88 years.
Soils: llicorella (slate).

Les Solanes - The southern estate

The Solanes del Molar marks the southern limit of the Priorat Qualified Designation of Origin. It is the southernmost slate vineyard. Also the sunniest and warmest. Planted mainly on terraces, the vines find optimal conditions here to produce grapes of great health, with adequate output and expressive strength, that is the base of our wines with the generic Priorat identity.

Location: located at the south edge of the DOQ Priorat.
Altitude: 150 - 180 metres above sea level.
Orientation: mainly to the west and south.

Varieties: garnacha tinta, cariñena tinta, garnacha blanca and others.
Vineyard age: from 10 to 60 years.
Soils: llicorella (slate).

Solanes del Mas d'en Pubill - The easternmost estate

Historical farmhouse situated near Garranxa to the east of Porrera, an uninhabited village found at the bottom of a narrow valley drained by the Garranxa cliff which descends from Mollo, next to the Camp of Tarragona. A fresh zone—the last of Porrera to ripen along with Els Colls—that provides freshness and intensity to our wines.

Location: at the eastern end of the DOQ Priorat
Altitude: 350 - 440 metres above sea level.
Orientation: southeast.

Varieties: cariñena tinta, picapoll tinto and cariñena blanca.
Vineyard age: from 25 to 30 years.
Soils: llicorella (slate).

Colls de Porrera - Touching the sky

Estate located at the southeastern edge of the DOQ Priorat, in one of the highest altitude zones of the region. We achieve a postcard-perfect image of the vineyards from Coll Major: vines that grow alongside the mountain, continuous accentuated lead-grey banks and sparse surviving vegetation. They climb up the mountain along with everything on this Priorat, that grows staggered on the rock, lifting the gaze intending to transcend.

Location: located at the southeastern edge of the DOQ Priorat.
Altitude: 470 - 580 metres above sea level.
Orientation: sudeste.

Varieties: garnacha tinta and garnacha roja.
Vineyard age: from 25 to 30 years.
Soils: llicorella (slate).

Bancalets - A small jewel of traditional winemaking

On a small scale, Bancalets presents all the orographical complexity of the Priorat: slopes, valleys and small hillocks maintain an ancient vineyard farming with extraordinary qualities. Among small country houses and oak grove forests, one of our most charismatic settings, from which a wine of great character originates.

Location: A short distance to the southeaster of the heart of Bellmunt del Priorat.
Altitude: 280-330 metres.
Orientation: northern and northwestern.

Varieties: 90 % grenache noir, 10 % white grenache and carignan.
Age of the vines: planted in 1939.
Soils: llicorella (slate).

Rioja

Medrano - Freshness and ageing potential

A singular estate located high up and just a few kilometres from the town of Medrano, at the base of the imposing Moncalvillo Mountains.

Location: in the northeast corner of the Upper Rioja.
Altitude: 600 - 650 metres.
Orientation: south.

Varieties: tempranillo tinto and mazuelo.
Vineyard age: planted in 1935.
Soils: clay-limestone.

Collaborations

Maset has collaborated for more than 25 years with winemakers from other Designations of Origin to offer our clients an extensive line of products. An enriching teamwork that offers us the possibility of making wine with varieties and on territories which, until recently, were out of our reach.

Barbeita, Monção

In the Monção region (Portugal), we create our refreshing Portuguese alvarinho **Ponte de Barbeita**, a white wine with green-hued reflections and surprising stone fruit and floral aromas.

Cintruénigo, Navarra

In the region of Tudela, on the plains of the Ebro valley, in a dry, steppe climate, we produce our **Ibericus Graciano**.

Cubillas de Sta. Marta, Castilla y León

In Valladolid province the verdejo vineyards grow near the Douro River. We make our white **Ibericus Verdejo** wine with its fantastic grapes.

Fuente-Álamo, Castilla-La Mancha

In Albacete, under IGP Vino de la Tierra de Castilla, syrah and tempranillo grapes grow, which we use to make our **Castillo de Elios** red wine.

Horta de Sant Joan y Gandesa, La Terra Alta

In the south of Catalonia, in a continental-influenced Mediterranean climate, we produce four of our mildest and fruitiest wines: **Ibericus Garnacha Blanca**, **Ibericus Garnacha Tinta**, **Cabernet Franc** and **Pinot Noir**.

Jumilla, Murcia

In the warm Jumilla region in northern Murcia, we craft one of our most intense and Mediterranean wines, the always surprising **Ibericus Monastrell**.

Montilla, Montilla-Moriles

In the sunny Andalusian land of Moriles, we bottle our exquisite **Pedro Ximenez** sweet wine and our **Pedro Ximenez Vinegar**, both made using the unique sunning technique.

O Rosal, Rías Baixas

In the Galician subzone of O Rosal, under the shelter of the D.O. Rías Baixas, we select the best native albariño variety grapes to make our **Pazo de Oiras** white wine.

Verín, Monterrei

In the southeast of the province of Ourense, at an average altitude of 600 metres and on slate soils, we grow the most exceptional Godello grapes in the region to produce our **Pazo de Oiras**.

Roa, Ribera del Duero

The country's red grapes grow in the Burgos town of Roa, under DO Ribera del Duero, and are used to make the distinct **Castillo de Urtau** family of reds.

Toro, Toro

To make the monovarietal **Tinta Fina Supreme** wine, we select the best grapes of this variety from the Zamora province.

Villafranca del Bierzo, El Bierzo

To the west of Leon, at 650 metres in altitude, the mencia vines grow, with which we create our **Ibericus Mencia**, one the winery's most fragrant and refreshing reds.

Origen

COSECHA

The territory's value

Origen is a sincere homage to the traditional artisanal production methods from the ancient Penedès wineries, self-sufficient ancestral homes rooted in the territory. A living chronicle of a distant past. The essence of this ancestral understanding offers us a seat at the table with this art passed from generation to generation. Without a doubt, the authentic wellspring of our wines.

Abadía Antigua

COSECHA

Our special homage to the winemaking tradition of monks in the Castilian abbeys, responsible for cultivating the vines for more than 10 centuries and for making wines that express the flavour and aromas of a harsh, immeasurable land. Exemplary of perseverance in the art of conceiving wine as a symbol of hospitality, peace and spirituality.

Castillo de Elios

COSECHA

On a small, elevated terrain, open to the four winds, the ancient Castillo de Elios reigns over the immense Castilian plateau vineyards. At its feet, under a just sun and scarce water, the cencibel (tempranillo) vines extract the land's essence from a hard, thousand-year-old landscape, allowing us to savour all the strength and intensity of its climate.

The Penedès

A diverse, singular land

Bodegas Maset winery was born in 1777 in Penedès, a historic wine region situated halfway between Barcelona and Tarragona, on a small slice of land between the Mediterranean Sea and the pre-coastal mountains. Since then, the Massana family has cared for and worked their lands to make wines of international prestige. The zone enjoys a rich diversity of microclimates that allows us to grow typical Mediterranean varieties like xarel·lo; Atlantic varieties like merlot; and continental varieties like chardonnay. An ample variety that makes Penedès one of the most unique, varied and innovative regions of the current wine scene.

Blanc de Blancs

COSECHA

The sound of the sea. A landscape of mountains and hills. From old, wise vineyards. From poor, rough soil. From fragrant must and dry herb aromas. And along the sides of the roads, among almond trees and olive trees, white and red flowers. Reminiscent of the Penedès.

Flor de Mar

COSECHA

Millions of years after the sea withdrew from the Central coast depression, the chardonnay strains flourish over limestone grounds and coral fossils, with the strength of the Mediterranean siroco and levantina winds. Marine influence in a fresh, mineral wine that reminds us of long ago, when the Penedès was under the sea.

La Sínia

CRIANZA

The sínia (water wheel in catalan) turns like the wheel of time. Endlessly marking its natural rhythm. Winter, spring, summer, and autumn. An ancient rhythm connecting us with the wisdom of the Earth and its cycles. A journey to the land of our ancestors; the never-ending source of answers and solutions. Nature is calling us. It's time to recover our essence.

Roble

CRINANZA

From a selection of traditional agriculture tempranillo grapes, we make our Roble, a surprisingly fresh and complex red, the result of using new French and American oak barrels. Cabernet Sauvignon

CRIANZA

Red wine produced with the cabernet sauvignon variety from two quite different plots. The coastal plain grapes, closer to the sea, provide us softness, sweetness (greater presence of alcohol and sugar) and the saline touch characteristic of the Mediterranean, while the grapes of the Pre-coastal Range, grown at higher altitudes, give us freshness, aromas and structure. The delicate connection of two worlds, the subtle harmony of two extremes.

Cabernet Sauvignon

RESERVA

In the heart of Penedès, among old paths abundant with history, our Cabernet Sauvignon vines grow. A sheltering land that welcomed this exceptional variety more than 40 years ago. A small grape with firm flesh which, influenced by the gentle Mediterranean climate, rewards us with balanced wines and intense aromas of ripe fruit. A real treasure which the unyielding passage of time (12 months in the barrel) rounds out and fills with nuance; the sincere reward for perseverance.

Foc

RESERVA

Red wine produced in our merlot vineyards rooted on the Penedès plains, where the grapes reach optimal maturity thanks to the Mediterranean Sea and the summer sun's influence. An exceptional climate allows us to extract the maximum varietal expression, for an elegant, fine and quite aromatic wine, where ripe red fruit combine harmoniously with the complexity of its long nurturing period.

Xarel·lo

COSECHA

We produce our Natura Xarel·lo, a wine that gazes at the heavens, yet is firmly rooted in the lime clay soils of the Penedès, from hand-picked and biodynamically farmed grapes. Here you will find balance, beauty and harmony: the salinity of the land, the freshness of the rain and the warmth of the soil in late August, just before the grape harvest. Information that the skin of the xarel·lo grapes captures and transmits to the must during the few hours the maceration process lasts.

The Priorat

When the landscape becomes wine

Twenty minutes from Tarragona, we find Priorat, a rugged, savage land presided over by the impressive Montsant mountain range and split by the Siurana River. The name Priorat has been tied to the world of wine since the XII century, when Carthusian monks brought vineyard cultivation from Provence. A mystical, spiritual footprint which the dizzying slate-covered hillsides still conserve. The land boasts a Mediterranean climate with continental tendencies, ideal conditions for growing red varieties which have brought worldwide prestige to the region: the warm garnacha tinta and the rustic carignane. Two sides of the same Priorat.

La Rioja

Above fleeting trends

La Rioja, located in the northern Iberian Peninsula, is one of the most prestigious wine regions in the world. At the end of the XIX century, it was influenced by the large Bordelaises wine producers, who arrived in Haro with the goal of supplying the French republic with wine after phylloxera destroyed its vineyards. This long cultural exchange has had a profound impact on its wine's profile: it is elegant, structured and with an unmistakable hint of barrel. La Rioja is divided into three large zones: Alta, Alavesa and Oriental. The first two enjoy a refreshing Atlantic climate, ideal for growing tempranillo grapes, the crown jewel, and the surprising white tempranillo. In contrast, in Rioja Oriental, closer to Navarra and the Ebro River's influence, we find ourselves with a milder, Mediterranean climate. The ideal habitat for the warm, fruity garnacha tinta.

Senderos

A modern focus

It is true that when we think of La Rioja, its magnificent red wines immediately come to mind. But that would be unfair, as this region is also home to white wines that surprise, enchant, and challenge your idea of what a Rioja wine is. With this in mind, a few years ago we launched Senderos, the winery's initiative to showcase the excellence of the white wines produced in this fantastic wine region.

The vineyards are located in Medrano (La Rioja Alta), a small town at the foot of the Moncalvillo mountain range that enjoys a continental microclimate with Mediterranean influence, allowing for optimal grape ripening. In this unique location we produce the two white wines in our range: Senderos de las Nieves and Senderos del Molinero, made with Tempranillo Blanco and Viura grapes respectively.

To claim that La Rioja is only known for its reds would be like discussing a great book and ignoring its most delicate chapters: a mistake that can only be fixed with a glass of either of these wines and a fresh perspective on the region.

Classics

Updating the tradition

The Classics range is inspired by the La Rioja tradition of ageing wines in oak barrels, creating a unique, unmistakable style that is valued the world over. To this end, we elaborate three red wines ideal for uncovering the notes and aromas that the distinct ageing times provide us.

Selecta Rioja

The best way to get to know the ancestral art of barrel-ageing with the tempranillo variety.

- 2 Tempranillo
- 2 Reserva
- 2 Crianza

Tempranillo

SEMICRIANZA

Red wine produced following the traditional Rioja "ageing" system. A quick pass through the barrel, from 4 to 6 months, ideal for achieving the complexity and elegance of its ageing without losing the fruit's vigour and freshness. A unique process passed down from the zone's longstanding tradition of winemaking allows us to enjoy each drop of this splendid wine. A true Rioja classic.

DOCa Rioja

Tempranillo

Short ageing in barrel and refinement in the bottle

Alc.: 14 % vol.

Serving: 14 - 16 °C

Type: Fruity Body: ●●○○ Sweetness: ●○○○

Tannins: ●●○○ Acidity: ●●○○ Alcohol: ●●○○

Ruby-red in colour with light claret reflections. Aromas of black fruit, flowers and strawberry yogurt on a smooth background of tobacco leaves, toffee caramel and spices. Balsamic recollections of mint and dill. On the palate, it is elegant, fresh and silky. Long, persistent finish.

■■■■ 0393 - 75 cl

Crianza

CRINANZA

In Rioja Alavesa, where the Ebro River snakes through old vineyards, tempranillo grapes grow placidly, awaiting the wine harvest. The perfect union of land and mankind, of tradition and modernity. A voyage to its origins, to the wise essence, where the senses are newly awakened, allowing us to enjoy this winery treasure. This red Crianza, aged 12 months in the barrel and up to 24 months in the bottle, is reinventing history.

DOCa Rioja

Tempranillo

Alc.: 14 % vol.

Serving: 14 - 16 °C

Type: Mature Body: ●●○○ Sweetness: ●○○○

Tannins: ●●○○ Acidity: ●●○○ Alcohol: ●●○○

Intense ruby red in colour with soft claret reflections. Aromas of red fruit and spices on a fragrant balsamic background. Reminiscent of dill, cedar and vanilla. Smooth entry with ripe tannins and medium body. It delights us with a long, persistent finish.

■■■■ 0394 - 75 cl

Reserva

RESERVA

Made with grapes from older vines cultivated on small parcels at 600 metres in altitude, near the Medrano area. An impressive rainfed land that revels in a refreshing Atlantic climate with continental tendencies, optimal conditions for the grapes' slow ripening. A red wine that, due to its intensity and after a long oak barrel ageing and bottle resting, becomes an authentic ode to time.

DOCa Rioja

Ribera del Duero

More than 2.500 years of history

In northern Castilla y León, at the Iberian Peninsula's great northern plateau, we find the Ribera del Duero Designation of Origin, a complex land with a severe climate that offers up red wines of extraordinary quality. Viticulture on the banks of the Duero buries its roots in the past. Recent studies have found evidence that the Vaccaei, a Celtic town established in the zone of Indo-European origin, was already growing grapes there more than 2.500 years ago. They were followed

by the Romans, Occitan monks, and the effort of generation after generation of winegrowers who have moulded the colossal, austere landscape that we admire today. Ribera del Duero's climatology is defined as a continental climate with Mediterranean tendencies, with dry summers and long, rigorous winters. The ideal medium for the country's red variety, the D.O.'s authentic star, accounting for 96 % of total production.

Castillo de Urtau

COSECHA

Under a fiery sun, among aromas of rosemary, thyme, and sage, our Country's old red strains silently dialogue with the continuous flow of the Duero River. Centuries of tradition and effort that flow into this great red wine transformed in history.

DO Ribera del Duero

Purple in colour, with soft violet reflections. Aromas of black fruit on a floral and balsamic background. Memories of strawberry yogurt, fennel, and liquorice. In the mouth, it's fresh and intense, with lively tannins and a long, persistent finish.

Castillo de Urtau

CRIANZA

Mountains and hills crowned with oaks and holly oaks, among a sea of sprigs that unite on the horizon of the Castilian plains. Olive groves and vineyards, almond trees, fruit trees and orchards boxed in by the Duero River. A wild and colossal landscape sculpted by austere generations that pays homage to humanity's memory and effort. Wine as an inseparable part of our lives.

DO Ribera del Duero

Tinta del país (tempranillo)

Ageing in barrel and refinement in the bottle

Alc.: 14 % vol.

Serving: 14 - 16 °C

Type: Intense Body: ●●●● Sweetness: ●○○○

Tannins: ●●●● Acidity: ●●●● Alcohol: ●●●●

Intense ruby red in colour with soft claret reflections. Aromas of black fruit, toffee caramel, dried fruits and roasted notes from its time in the barrel. Light memories of dill, lavender, liquorice and mint. On the palate, it is fresh, round and with a long, warm finish.

Ibericus

A journey to the origins

Ibericus is the winery's wager for diversity and conservation of the Iberian Peninsula's most representative native varieties. A journey in which we will travel across our land, from north to south and east to west, through a selection of monovarietal wines with more of the wine scene's personality.

Verdejo COSECHA

Verdejo is among the Iberian Peninsula's most representative and unique white varieties. Perfectly adapted to drought and the less fertile clay plots of Castile and Leon, it offers us intensely aromatic wines with a soft, fragrant fennel background.

Verdejo	
Alc.:	13 % vol.
Serving:	6 - 8 °C
Type:	Fruity Body: ●●○○○
Sweetness:	○○○○○ Tannins: ●○○○
Acidity:	●●●●○ Alcohol: ●●○○○

Lemon-yellow in colour with golden highlights. Intense aromas of tropical fruit, fruit with bone, citrus and dried flowers on a refreshing fennel background. Slightly reminiscent of peach gumdrops and anise. On the palate, it's unctuous and fruity, with the variety's trademark tart finish.

■■■■ 0356 - 75 cl

Garnacha Blanca COSECHA

Garnacha blanca is a variety with a marked Mediterranean profile perfectly adapted to the Iberian Peninsula's high temperatures and low precipitation. It offers us nicely coloured, quite aromatic wines with body.

Garnacha blanca	
Alc.:	12,5 % vol.
Serving:	6 - 8 °C
Type:	Fruity Body: ●●○○○
Sweetness:	●●○○○ Tannins: ●○○○
Acidity:	●●●●○ Alcohol: ●●○○○

Lemon-yellow in colour with green-hued reflections. Aromas of white fruit and stone fruit atop a citrus and floral background. Anise and herbal recollections. On the palate, it is sweet and intense, with a slightly bitter finish.

■■■■ 0359 - 75 cl

Garnacha Tinta COSECHA

Garnacha is possibly the native red variety with highest international prestige. This native of the Mediterranean coast stands out for its excellent adaptation to extreme climates and less fertile soil, and for offering warm, incredibly fruity wines with good acidity.

Garnacha tinta	
Alc.:	14 % vol.
Serving:	12 - 14 °C
Type:	Fruity Body: ●●○○○
Sweetness:	●●○○○ Tannins: ●○○○

■■■■ 03731 - 75 cl

Graciano SEMICRIANZA

Graciano is among the Iberian Peninsula's most unique, perfumed red varieties. Under-valued until recently due to its low yield, today it again fills the country's great mountain ranges of the north due to its exuberance, acidity and good colour.

Graciano	
Short ageing in barrel

Hints of liquorice and eucalyptus. On the palate, it is intense, sweet and fresh, with ripe tannins and a slightly fruity finish.

■■■■ 03735 - 75 cl

Mencia COSECHA

Mencia is one of the most popular red varieties of the Iberian Peninsula. Originally from El Bierzo, it stands out for its minerality and intense aromas of fresh fruit and violet. Smooth and with low acidity, it is ideal to consume young.

Mencia	
Alc.:	14 % vol.
Serving:	12 - 14 °C
Type:	Fruity Body: ●●○○○
Sweetness:	●●○○○ Tannins: ●●○○○

Atlantic breezes

Freshness of the north

Our Atlantic wines are defined by the salty sea breeze, gentle rains, and a mild climate that shapes lush, green landscapes. In Galicia and northern Portugal, our Albariño and Godello vineyards, grapes that can only flourish in this unique region, grow vigorously to produce wines that are elegant, citrusy, and wonderfully refreshing.

Atlántico COSECHA

Atlántico is a young white wine created with the albariño variety that captures the essence of its origin. From a landscape that brings us recollections of the sea, wind and salt; from a people labouring under the sun who knows how to listen to the voices of nature; from a wine calling for adventure, for exploring new territories and leaving daily worries behind. Pure Atlantic character!

Ponte de Barbeita COSECHA

The Ponte da Barbeita is a historic Gothic bridge that crosses the Mouro River, a tributary of the Miño River that forms a natural border between Portugal and Galicia. Two territories that share the same passion: the albariño grape. Our alvarinho vineyards grow on this fertile ground bathed by the Atlantic breeze.

Pazo de Oiras Albariño COSECHA

Legend has it that the albariño grape was brought to Galicia by monks of the Cistercian Order in the 12th century. A thousand years later, sheltered by the prestigious DO Rías Baixas, our O Rosal vineyards continue to grow, influenced by the Atlantic climate. This provides a fresh wine with moderate alcohol content and good acidity.

Cava

Time capsules

Our cavas are born in Penedès, the cradle of sparkling wines on the Iberian Peninsula. A tradition that began in the mid-XIX century, when, in the Sant Sadurní d'Anoia village now known as "the cava capital", the first wine with these characteristics was made using the traditional method (that is, with the second fermentation in the bottle). Some years later, in 1917, Josep Massana y Carbó, grandfather of the current owner, made the first sparkling wine at the Maset del Lleó estate. We've been making our sparkling wines with a blend of native Mediterranean varieties ever since, ageing beyond what current regulations require, a symbol of our winery's identity. This is the only way we can offer cavas that achieve the utmost quality worthy of their history.

Traditional cavas

DE GUARDA

The most refreshing bubbles

Our range of Traditional cavas, elaborated using only native varieties, is a tribute to our Mediterranean lifestyle: happy, spontaneous and fresh. The perfect cava for those who are beginning to discover the magic of bubbles.

Ancestral Xarel-lo

BRUT NATURE

An ancient wine, an ode to instinct and naturalness. With no secondary fermentation or ulterior motives, straight from the grape, with vitality and strength. With energy and freshness. Bubbles bursting with life, because life lies in what moves us. Groundbreaking, direct, assertive. A glimmer of pleasure, slightly transgressive. An ancestral method that is not old, but beautiful; one that merges the styles of today and yesterday and goes to the root of taste, of a taste that had almost disappeared, a joy whose fire we reignited.

BRUT NATURE

Artisans of time

Selected from the best macabeo, xarel-lo and parellada vineyard, our most traditional cava is born. Made following the most ancient handcraft techniques, paired with the most innovative technology, Vintage is produced by bottling time. A long and laborious process of over 36 months allows us to convert the wine in this grand cava. The true spoils of perseverance.

BRUT NATURE

A legacy that comes from afar

Pau Massana Mestre, known as Grandfather Pau, was the first Massana to settle at Maset del Lleó, the family's ancestral home built in 1777. He was a key figure in the history of our house and taught us that effort, dedication, and well-done work not only withstand time, but endure beyond us. This L'avi Pau Gran Reserva cava is our small tribute to the one who, with his effort and vision, planted the seed of a dream that today is more alive than ever.

Vermouth

SWEET WINE

Red vermouth made following an old family recipe using flower must, holandas (fortified spirit of xarel-lo wines from Penedès region), and a careful selection of over 40 Mediterranean aromatic herbs, among which absinthe is highlighted. A small treasure from over one hundred years ago that time-travels to recover lost flavours. A family legacy that harmoniously fuses past and present to achieve this nuanced, structured vermouth.

Pedro Ximénez

SWEET WINE

Sweet wine made from the Pedro Ximénez grape, a variety of fantastical origin. Legend has it that Andalusian Pedro Ximén, a Flanders corps soldier, brought it in his leather pouch from the fertile Rhine valleys (Germany). Since then, each year the grape pacified in the sun, resulting in must with an extraordinary concentration of sugars and rich aromas. This traditional process is known as "asoleo".

Moscatel

Sweet wine made with Moscatel - considered among the oldest grapes in the world. The vineyards grow just kilometres from the Mediterranean Sea, where this grape has been grown for more than 2000 years. The grape must doesn't allow for fermenting, and wine alcohol is added, then stirred each day until rendering the yeasts inactive. A traditional production process which yields the ideal wine for pairing with all types of pastries, foies and cheeses.

Records

Records ("memories" in Catalan) is our social gathering wine. A solera mistela, barrel-aged and made with a coastal Mediterranean muscat grape's flower must. A sweet and complex wine that invites us to uncover long-forgotten words. To recover times and spaces of tranquil, enriching conversation. To listen to our neighbour and forge mutual understanding. To explain who we are and what we do. Find our place in the world. That only words and wine feed us. Let the gathering begin!

Abbey

Bodegas Maset's abbey beers are made at the Cistercian Notre-Dame du Val-Dieu abbey (Belgium), founded in 1216. From then up to present day, the abbey community has been perfecting the original recipe. A legacy of eight centuries of tradition, making the world's best abbey beer without interruption.

Baviera

On April 3, 1516, William IV, Duke of Bavaria, announced the "law of purity," prohibiting the use of wheat for any purpose other than for making bread. Centuries later, with the ban lifted, our master brewers are once again producing the famous Weißbier, craft wheat beers, as in yesteryear. Slightly sweet, with subtly toasted malts, unfiltered and with little hops; it's the perfect combination for enjoying all the flavour of a grain with personality. It was worth the long wait.
